SKILLS

Languages: C++, Python, C, Javascript
Tools/Platforms: Postgres SQL,
Soft Skills: Problem-Solving, Team Player, Leadership, Adaptability

PROJECTS

Tree Plantation Tracker | *HTML, CSS, JavaScript, Google Maps Api, Database* March' 26

- Developed a web-based platform to record, track and visualize Tree Plantation. In that I have implemented a form to store Tree species, Plantation date and Tree location
- Integrated Google Maps API to display plantation location on an interactive Map, this solves problem of tracking trees and species of tree.
- Added a Functionality to Calculate and Display total number of trees planted and Designed simple Database Structure To store and manage Plantation record

Smart Blind Stick | *Arduino Based, Ultrasonic sensor, water sensor* May' 26

- Developed a smart assistive device to help visually impaired individuals detect obstacles while walking.
- Integrated ultrasonic sensor to detect nearby obstacles and provide real-time alerts to the user.
- Programmed a microcontroller to process sensor readings and trigger alerts based on obstacle distance.
- Designed the system as a portable and low-cost solution to improve mobility and safety.

CERTIFICATES

Introduction To Python Sailor Academy	Jan' 26
Introduction To Artificial Intelligence Infosys	Mar' 26
Effective Time Management Tech veda	Oct' 26

EXTRA-CURRICULAR

Community Development Project

EDUCATION

Lovely Professional University Bachelor of Technology Computer Science and Engineering; CGPA: 7.96	Phagwara, Punjab Aug' 25 – Present
Sher Shah college Intermediate PCM; Percentage: 68%	Sasaram, Bihar Mar' 22 – May' 24
Buddha Mission School Matriculation Percentage: 81.2%	Sasaram, Bihar Mar' 21 – May' 22
